FIG. 4

The diagram illustrates a user interface on a device screen. At the top, a rectangular box is labeled "ステータス" (Status). Below this, the screen is divided into two columns of settings. The left column is headed "設定" (Settings) and contains the text "Language : Japanese" followed by four entries, each consisting of a label and a value "設定値 : ...". The right column is also headed "設定" and contains four entries, each consisting of a label and a value "設定値 : ...". At the bottom of the screen, there is a horizontal rectangular bar. Below the main content area, there is a rounded rectangular box containing the heading "設定" and three entries, each consisting of a label and a value "設定値 : ...".
